The background of the slide shows a person's hands typing on a laptop keyboard. Overlaid on this are several semi-transparent digital security icons: an 'ID' card icon with a fingerprint scanner, a 'FACE ID CONFIRM' and 'ANALYZE DATA' flowchart, a bar chart, a 'DATA' label, a large shield icon with a padlock and binary code, and a 'Pi' symbol. The entire scene is bathed in a blue light.

CYBER SECURITY FOR BANKS

Course outline

1. Introduction
2. Security Assessment and risk management.
3. Understanding Security Concerns
4. Cybersecurity principles and Framework.
5. Cybersecurity threats faced by banks (including malware, phishing, social engineering, and insider threats)
